Garbh Sanskar: Giving birth should be your greatest achievement not your greatest fear.

Garbh Sanskar simply means educating baby inside womb. It is a complete guideline to get a divine child from ayurvedic point of view.

Garbh Sanskar and ayurveda is a process to achieve physical, mental, spiritual, emotional, social development & perfection for the mother & baby.

With this process a parents get healthy & expected child. Many parents found this interesting and felt quite satisfied too.

In Indian culture it is believed that education of real and traditional values and parenting starts right from the time the foetus is confirmed in the womb. This is why when anyone gets pregnant in home, the elder people advice to have positive thoughts and emotions to the pregnant woman.
