PROGRAMME OVERVIEW

Build Structured Knowledge in Classical Homeopathy

Practical | Job-Oriented | Organon | Materia Medica | Homeopathic Pharmacy | Acute & Chronic | Case Work | AI Literacy

Classical homeopathy is defined by a method rather than a remedy list: understand the patient as a whole, find the single most similar remedy on the totality of symptoms, give the minimum dose, and then wait and observe before doing anything else. Everything in this programme serves that method.

The GIHS Classical Homeopathy programme provides structured professional learning across the full syllabus — homeopathy and its classification, anatomy and physiology, Organon philosophy, classical and modern homeopathy, homeopathic pharmacy and remedies, therapeutic concepts, clinical and surgical applications, acute and chronic disease, and case work to international standards.

> **"Structured Study · Careful Case Work · Responsible Application."**
>
> GIHS presents classical subjects through structured study, case-based learning, documentation, research literacy and digital skills — professional education that complements, and never substitutes for, a statutory medical qualification.

Why This Programme Stands Out

- Complete classical syllabus from introduction through international-standard case work
- Organon philosophy as the organising framework
- Anatomy and physiology alongside homeopathic theory
- Classical and modern homeopathy compared directly
- Homeopathic pharmacy and remedy knowledge
- Therapeutic, clinical and non-clinical applications
- Surgical and non-surgical homeopathy topics
- Acute and chronic disease concepts
- Structured case documentation and symptom organisation
- NEW dedicated AI module for learning, case documentation and research
- Certificate, PG Diploma and Fast-Track learning pathways

REVISED SYLLABUS

Curriculum, Module by Module

The full GIHS syllabus, regrouped into 7 clearly sequenced modules so you can see exactly what each stage of the programme teaches and why it comes where it does. Module 7 is the new Artificial Intelligence module.

MODULE 01 Foundations of Homeopathy

The premise, the vocabulary and the body it is applied to.

- Introduction
- Homeopathy
- Anatomy & physiology

MODULE 02 Organon Philosophy & Classification

Hahnemann's framework — the reasoning that makes the method coherent.

- Organon philosophy
- Classification

MODULE 03 Classical & Modern Homeopathy

Two traditions of practice set side by side, with their points of departure made explicit.

- Classical homeopathy
- Modern homeopathy

MODULE 04 Homeopathic Pharmacy & Remedies

How a remedy is actually made, named, potentised and dispensed.

- Homeopathy pharmacy
- Pharmacy
- Remedies
- Therapeutic

MODULE 05

Clinical & Surgical Application

Where homeopathy is applied, and where it sits alongside other care.

- Clinical & non-clinical homeopathy
- Surgical & non-surgical homeopathy
- Acute and chronic diseases

MODULE 06

Case Work to International Standards

The discipline that separates classical practice from remedy-matching.

- Cases as per international standards

MODULE 07 · NEW

Artificial Intelligence in Classical Homeopathy

Study Organisation · Case Documentation · Research · Responsible AI

- Introduction to AI, Machine Learning and Generative AI for homeopathy learners
- Prompt engineering for Classical Homeopathy education
- AI-assisted study notes, concept maps, flashcards and self-assessment questions
- … and 21 further topics — the full module is set out on page 5

The Programme at a Glance

7
Modules, including the new AI module

3 / 4 / 12
Months — Certificate, Fast Track or PG Diploma

100%
Online & distance, study at your own pace

Lifetime
Free personal expert assigned to you

MCQ + Project
Online exam plus a 30-page project

2
International certificates awarded and shipped

Every module is backed by a personal subject expert assigned to you for life at no cost — email or call whenever a topic needs explaining, and a session can be arranged around your queries.

MODULE 07 · NEW HIGHLIGHT MODULE

Artificial Intelligence in Classical Homeopathy

Study Organisation · Case Documentation · Research · Responsible AI

This future-ready module introduces responsible applications of Artificial Intelligence and Generative AI in Classical Homeopathy education. AI is an assistive learning, research and documentation tool — never an autonomous system for diagnosis, remedy selection, potency selection, dosage, repetition or treatment decisions.

Key Topics Covered

- Introduction to AI, Machine Learning and Generative AI for homeopathy learners
- Prompt engineering for Classical Homeopathy education
- AI-assisted study notes, concept maps, flashcards and self-assessment questions
- AI-assisted anatomy and physiology revision
- AI support for Organon philosophy learning and thematic organisation
- AI-assisted Materia Medica study and educational remedy-comparison tables
- AI support for classical versus modern homeopathy concept comparison
- AI-assisted organisation of mental, general and physical symptoms in de-identified cases
- AI-assisted case-history templates and timeline organisation
- AI support for modality, causation and concomitant symptom learning
- AI-assisted educational case summarisation — with human verification
- AI support for acute and chronic disease concept learning
- AI-assisted homeopathic pharmacy revision
- AI-assisted literature-search planning for homeopathy research
- AI support for research-paper summaries and reference organisation
- AI-assisted evidence-quality review, separating traditional claims from current evidence
- AI-assisted academic presentations, assignments, question banks and teaching aids
- AI support for multilingual educational communication
- AI-assisted patient-education drafts for review by qualified professionals
- AI support for clinic administration, appointments and follow-up documentation
- Recognising hallucinated remedy indications, aphorisms, quotations and references
- Recognising unsafe AI-generated prescribing, potency, dosage and repetition suggestions
- Privacy, confidentiality and de-identification of case information
- Responsible AI governance, source traceability and human-in-the-loop verification

THE RESPONSIBLE BOUNDARY

Anyone can generate an answer with AI. The professional skill — and the one employers are now paying for — is knowing how to find what the AI got wrong.

AI is an assistive learning, research and documentation tool — never an autonomous system for diagnosis, remedy selection, potency, dosage, repetition or treatment. Generative AI invents remedy indications, aphorisms, quotations and references convincingly, so every output is cross-checked against approved texts and original sources.

What This Module Adds to Your Career

Classical homeopathy asks a learner to hold a very large amount of structured material at once — aphorisms, remedy pictures, modalities, case histories. AI is genuinely good at organising that: concept maps, comparison tables, revision schedules, case timelines, literature summaries. The module is built around the one competency that makes the rest safe: verification. Generative AI invents aphorisms, remedy indications and citations that read perfectly, so every important output is checked against approved texts and original sources.

AI-Enhanced Practice Exercises

Applied work that builds the verification habit, not just the prompting habit:

- Create a Classical Homeopathy study map
- Develop a verified Organon–Materia Medica concept-learning matrix
- Organise a fictional case into mental, general and physical categories without prescribing
- Build a comparative educational remedy table and verify it against approved references
- Identify fabricated citations and unsafe prescribing suggestions in AI-generated content

HOW YOU STUDY & WHERE IT TAKES YOU

Study Method, Certification, Skills & Career Pathways

Study Methodology

- Freelance, self-paced method of study around your work schedule.
- Study the books and course material provided with your enrollment.
- Note down your queries as you progress through each module.
- Contact your assigned expert by email or phone at any time.
- Experts respond by mail, by call, or arrange a session based on your queries.
- Lifetime expert support to keep raising your knowledge and expertise.
- All content is based on live cases and industry best practice.

Mode of Examination

- Login details for the online examination are issued on completion of the programme duration.
- A 7-day window is given to appear for the online examination.
- The examination pattern is Multiple Choice Questions (MCQ).
- A PowerPoint project of minimum 30 pages on a topic of your own choice.
- Successful candidates are awarded two certifications (Degree and Transcriptional Degree).

Learning Mode, Assessment & Certification

Mode	Online and distance learning, designed for working professionals.
Assessment	Online and distance examinations (MCQ / theoretical) and/or projects.
Certification	GIHS certificate awarded to successful candidates on completion of applicable requirements.
Career support	Placement support and CV-forwarding assistance for successful candidates.
Verification	Employers can confirm certificate authenticity through the official GIHS verification process.

Verified by GIHS itself — not by a third party. Every certificate carries its own certificate ID. An employer, university or registration body can confirm it directly at www.gihsonline.com/verify-certification — no third-party verification agency and no fee.

Practical & Job-Oriented Learning

The programme emphasises practical academic competencies: structured case documentation, Organon and Materia Medica study, symptom organisation, research reading, professional communication, educational content creation and digital documentation. For qualified and registered practitioners these support continuing professional development; for other eligible learners they build subject, research and academic competence.

Career-Relevant Skills You Will Develop

- Classical homeopathy concepts
- Organon philosophy
- Materia Medica-oriented learning
- Homeopathic pharmacy awareness
- Acute and chronic disease concepts
- Structured case documentation
- Symptom organisation and educational case analysis
- Research and literature-review skills
- Academic presentation and communication
- Responsible AI-assisted learning and verification

Career & Professional Pathways

The current GIHS course page lists **Academic, research, clinic-documentation and continuing-professional-development pathways**. The programme can also support:

- Classical homeopathy academic support
- Homeopathy research support
- Clinic documentation support
- Educational content and digital learning support
- Research and literature-review assistance
- Teaching and academic support subject to qualification criteria
- Professional development for qualified homeopathy practitioners

The GIHS page lists Medical Officer, Classical Homeopath, Homeopathic Doctor and Homeopathy Practitioner. These are clinical, protected roles: they require the recognised qualification, registration and other criteria applicable in your jurisdiction, and this programme complements rather than replaces them.

PLACEMENT & CAREER ENHANCEMENT

What GIHS Does for Your Career After the Course

CAREER ENHANCEMENT INCLUDED FREE WITH EVERY ENROLMENT

Exclusive FREE CV & Interview Coaching — worth ₹9,999

FREE
worth ₹9,999

Join a GIHS programme now and unlock complimentary access to TopCV Coach, giving you the professional resume and interview skills you need to launch your career with confidence. Your profile is also posted on the TopCV Coach website, where a large recruiter and employer network is active.

Professional resume building
Build a CV that reads the way recruiters in healthcare actually screen.

Interview skills coaching
Practise and sharpen how you present your qualification and your new AI literacy.

Profile posted on TopCV
Your profile goes live on topcvcoach.com, in front of a large employer network.

No extra cost
Worth ₹9,999, included free with your GIHS enrolment.

TopCV Interview — Delivered with **www.topcvcoach.com** · included free with every GIHS programme enrolment

Where Our Graduates Are Making an Impact

Traditional medicine and wellness is a global market — GIHS learners work in Ayurveda and homeopathy practice, wellness centres and resorts, integrative hospitals, nutrition and fitness services, education and their own ventures.

Ayurveda & homeopathy clinics
Practice support, documentation and education

Wellness centres & resorts
Therapy programmes and centre coordination

Integrative & AYUSH hospitals
Departmental support, protocols and quality systems

Panchakarma & therapy units
Procedure scheduling, hygiene standards and aftercare

Nutrition, fitness & lifestyle
Diet planning, counselling and wellness programmes

Maternal & family wellness
Garbhsanskar, antenatal and parent-education programmes

Pharmaceutical & herbal products
Formulation knowledge, quality and regulatory support

Education, content & research
Teaching, academic support, writing and digital content

Independent practice & ventures
Classes, retreats, consulting and online programmes

WORKING GLOBALLY — India · UK · USA · Canada · Australia · New Zealand · UAE & Gulf · Saudi Arabia · Qatar · Oman · Russia · Germany · Ireland · Singapore · Malaysia · Africa · Europe

Placement support. More than 2,000 GIHS professionals are now working in well-known organisations worldwide, many of them after building CV and interview skills through the free TopCV Coach programme. GIHS shares your profile globally for career growth. Successful candidates receive placement support and their CVs may be forwarded to various organisations. Final employment remains subject to employer selection and role-specific eligibility.

Business & Entrepreneurship Value

For qualified practitioners, classical method is a differentiator patients actively seek out; for other learners, the academic and content side of homeopathy is a real market in itself.

- Develop case-documentation and practice-management systems for homeopathic clinics
- Build educational workshops, teaching resources and study programmes
- Provide research, literature-review and academic writing support
- Create digital learning content for homeopathy students
- Offer clinic administration and patient-education services

Any regulated clinical service must only be provided within your lawful professional scope and applicable registration requirements. Career titles, eligibility and the right to practise depend on your prior qualification, experience, employer criteria and local regulation.

ENROLMENT

Three Flexible Learning Options

Programme	Duration	Indian Fee	International	Positioning
Certificate Program	3 Months	**₹22,999**	**450 USD**	Basic foundation programme — core knowledge first
Post Graduate Diploma Program	1 Year	**₹32,999**	**699 USD**	Advanced and career-oriented — full depth at a steady pace
Fast Track PG Diploma Program MOST CHOSEN	4 Months	**₹36,999**	**750 USD**	Same advanced syllabus — flexible, finish at your own pace

Both advanced options carry the same career-oriented syllabus and the same two international certificates. The Fast Track is simply flexible — finish as quickly as your own pace allows and step into a fast-growing job market sooner. The Certificate Program is the basic, foundation-level option.

Printed books are optional
Online study material is included with every enrolment. Add the printed books at enrolment if you would like them shipped.

₹2,999 additional (India) | **99 USD** additional (International)

EMI available on credit cards Convert your fee into easy monthly instalments — ask admissions when you enrol.

All modes of payment are available. Fees may be subject to applicable taxes, exchange rates or future revision.

What Our Candidates Say

★★★★★ 300+ Google reviews

"I recently completed my Post Graduation in Pregnancy and Child Care from GIHS and it was a wonderful experience."
Dr Fatema Ebrahim

"One of the best institutions... Course is carefully structured and detailed. Management is very well organised and prompt in assistance."
A V

"This course has been a game-changer for me, providing the knowledge and skills necessary to succeed on a global platform."
Akram Sabiq

"They have a very good independent study methodology and the subject matter is really good... the Institute of Health was a wise choice."
Andrea Del Pilar

"From the day 1 to till date Chethan assisted very well... the studies are very detailed and made interesting."
Sarah Lilly, MBA

Admission Procedure START ANY DAY

1. **Apply online — any day**
   Enrol at www.gihsonline.com / Apply Online. Admissions stay open all year — no batch to wait for.
2. **Confirm your fee**
   No hidden charges. Payment within 7 days of enrollment.
3. **Receive your study material**
   Online access within 48 hours; printed books shipped if you add them.
4. **Get your personal expert**
   A professional subject expert is assigned to you for lifetime support at no cost.
5. **Complete exam and project**
   Online examination plus a project submission.
6. **Receive your certificates**
   Two international certificates are awarded and shipped.

Who Can Enrol

LISTED ON THE GIHS COURSE PAGE

- BHMS — Homeopathy graduates
- MBBS — medical graduates
- All graduates and postgraduates
- BDS / BAMS / BPT / BUMS professionals
- B.Pharm / M.Pharm / Pharmacy Professionals
- B.Sc. / M.Sc. & Life-Science Graduates
- Medical Laboratory Professionals
- Nursing Professionals
- Microbiology Professionals
- Biomedical / Biotechnology Professionals
- Professionals working with hospitals & healthcare organisations

ALSO OPEN TO

- Any graduate from any discipline
- Working professionals with relevant work experience
- Entrepreneurs planning to start a healthcare or allied venture
- Managers and administrators running a healthcare organisation

Any graduate, and any professional with relevant work experience, may enrol — including those who intend to start, run or manage a healthcare or allied organisation.

QUESTIONS

Frequently Asked Questions

What makes homeopathy 'classical'?

The method: the patient understood as a whole, a single most-similar remedy chosen on the totality of symptoms, the minimum dose, and careful observation before any repetition.

Does the programme cover Organon philosophy?

Yes — Organon philosophy is a dedicated syllabus area and the organising framework for the classical material throughout.

Does it cover homeopathic pharmacy?

Yes. Homeopathy pharmacy and pharmacy are both included, alongside remedies and therapeutic concepts.

Does it cover acute and chronic disease?

Yes, as a specific syllabus area, together with clinical, non-clinical, surgical and non-surgical homeopathy topics.

Can AI select a remedy or potency?

No. AI can organise symptoms, draft case templates and summarise literature. Remedy selection, potency, dosage and repetition are professional decisions — and AI generates confident, wrong suggestions, which this module teaches learners to catch.

Who is eligible?

The GIHS course page lists BHMS and MBBS. Other eligible learners may study the programme for research, teaching or documentation work, without clinical-practice rights.

Does this certificate authorise homeopathic practice?

No. It is professional education and does not replace a statutory medical or homeopathic qualification or professional registration.

Can working professionals enrol?

Yes. The programme is delivered online and by distance learning, with a Fast-Track option.

What is included in the programme fee?

Course material with the latest updates, online access within 48 hours, printed books shipped with your enrolment, a personal subject expert for life at no cost, the online examination and project assessment, and two international certificates on successful completion. There are no hidden charges.

Is the TopCV Coach access really free?

Yes. Every GIHS enrolment now includes complimentary TopCV Coach access worth ₹9,999 for professional resume building and interview skills, and your profile is posted on the TopCV website where a large recruiter network is active.

Can I use this programme to start my own practice or venture?

Yes, within your lawful professional scope. The Business & Entrepreneurship section of this brochure sets out the non-clinical services, education and consulting work the knowledge supports. Regulated clinical services require the appropriate qualification and authorisation.

I am not from a clinical background. Can I still enrol?

Yes. Any graduate from any discipline may enrol, as can working professionals with relevant experience, entrepreneurs and managers of healthcare or allied organisations.

> **No batch to wait for — start the day you enrol** Admissions stay open every day of the year — enrol today and begin at once.

ABOUT THE INSTITUTE

Global Institute of Health Science

Global Institute of Health Science is a pioneer in health science education, especially in distance and online learning, with more than 15 years of experience and international exposure. GIHS is an ISO 21001:2018 certified health science institute, globally acclaimed, and certified with copyright approval from IPR, Government of India. GIHS also holds international certification from UASL UK for its Quality Control Management System.

- **Excellence for health professionals** — Programmes built around what healthcare employers actually ask for.
- **15+ years with international exposure** — A student and professional base across India, UK, USA, Canada, UAE, Russia and Australia.
- **ISO certified and government approved** — ISO 21001:2018, IPR Government of India copyright approval and UASL UK quality certification.
- **Lifetime free personalised tutoring** — A dedicated subject expert assigned to you at no cost, for life.

More Ways to Build Your Career

GIHS programmes help professionals get a strong start in the healthcare field. These courses are ad-hoc to a professional career and provide the additional benefit of being part of a global learning organisation.
